

The Wright Valley Trio

Hailing from Wiesbaden, Germany, The Wright Valley Trio specializes in a unique blend of Doom and Sludge Metal. Drawing inspiration from one of the most desolate places on earth, a vast, arid valley in Antarctica, their music eschews warmth and comfort in favor of creating monumental soundscapes. The Trios hallmark is the composition of exceptionally long tracks that traverse the spectrum from meticulously crafted repetition to powerful, heavy riffs.

Music

All music is available on our website and for purchase on Bandcamp, as well as on all streaming platforms.
